Izzy

SAME TIME, NEXT CHRISTMAS

Words & music: Izzy Van Aelst

INTRO

Ooh, Christmas is calling

VERSE 1

I circle the date when the cold rolls in
Dust off my heart, let the waiting begin
The station at seven, the snow coming down
And there you are, Christmas came to town

PRE-CHORUS

Three hundred days I walk alone
But every Christmas leads me home

CHORUS

Same time, same place (it's Christmas, baby)
Same time, same place (you drive me crazy)
Same time, same place (under the lights)
You and me on these Christmas nights
Same time, same place (don't need to call)
Same time, same place (no promises at all)
Just a boy and a girl and the falling snow
Christmas, baby, it's all we know

VERSE 2

You never tell me what summer gave you
I never ask where the springtime might take you
We've got twelve days and this city aglow
Why ruin Christmas wanting more than we know

PRE-CHORUS

The year can take whatever it takes
As long as it leaves me these Christmas days

CHORUS

Same time, same place (it's Christmas, baby)
Same time, same place (you drive me crazy)
Same time, same place (under the lights)
You and me on these Christmas nights
Same time, same place (don't need to call)
Same time, same place (no promises at all)
Just a boy and a girl and the falling snow
Christmas, baby, it's all we know

BRIDGE

One day the snow might fall
And I'll stand here alone
But love, until that Christmas comes
This corner is our home
So swear it one more time...

CHORUS

Same time, same place (it's Christmas, baby)
Same time, same place (you drive me crazy)
Same time, same place (don't need to call)
Same time, same place (no promises at all)
Just a boy and a girl and the falling snow
Christmas, baby, it's all we know

OUTRO

(Same time!) (Same place!)
(Same time!) (Same place!)
Next Christmas, darling
Same time... same place...
(Merry Christmas, baby)
